Product Usage

Unique mop bucket set with proprietary bucket and wringer designs. Perfect for most mopping needs.

#933 Mop Bucket & Side-Press Wringer

- Exclusive patented Libman bucket design unique in the market
- 32 quart max capacity, with 30 quart functional capacity
- Easy-to-read fill lines in 1 gallon increments
- Convenient pouring grip for easy emptying
- Heavy duty steel handle features soft rubber grip for easier lifting and pouring
- Handle lays on either side of bucket, out of the way during mopping
- Premium rubber casters indented inside bucket to create low center of gravity and eliminate tipping
- Bottom of bucket is only 2" from ground, low center of gravity
- Solid one-piece tubular steel wringer handle for durability. Handle is angled to allow maximum transfer of torque to the wringer panels to remove all excess water
- Wringer accepts most head types and sizes, up to extra large #32 mop heads. Includes hook to stand up mop handle during bucket rolling
- Bucket fits most janitor and maid carts
- Solid polypropylene molded bucket and wringer
- Electrostatic powder coated steel handle with molded, no-slip handle grip

Wringer Height (a)	16"
Wringer Width (b)	10.5"
Total Height	24"
Total Depth	20"

Wringer Cross Height (c)	9.25"
