

# PRO-GRADE MICROFIBER SPIN MOP® SYSTEM

#1887

#1888

#1838

## PRODUCT USAGE

This versatile and fun mopping system is great for all hard smooth flooring surfaces, including hardwood, tile, vinyl, linoleum, and more. The quick and efficient spin wringing mechanism make this a great choice for any residential contract cleaner cleaning apartments, condos, and homes. Simply pump the handle down one time for a damp mop, or a couple times for a drier mop.

## #1887 Pro-Grade Microfiber Spin Mop® Mop System

- All-in-one mop kit includes mop and bucket.
- Extra large, machine washable microfiber mop head.
- Mop has handle grips with LLDPE molded hanger tip for convenient storage.
- User-friendly spinning wringing mechanism for faster floor drying times.
- Polypropylene corrosion resistant bucket with pour spout holds 2 gallons of water and also features a sturdy carrying handle.
- Adjustable handle length fits any user height.
- Spinning chamber shoots excess water from mop head into bucket by simply pushing the mop handle downwards.
- More absorbent (30% more) and wrings out more water (almost 2 times more) than the leading brand.
- Microfiber mop head is 33% heavier than the leading brand.
- Replacement mop head available as Libman #1888.

## Add-On Feature: #1838 Bucket Trolley

- #1838 Bucket Trolley is specially designed to fit the Libman Pro-Grade Spin Mop.

## COMMERCIAL END USE

Janitorial & BSC; Hotel/Housekeeping; Office Products; Health Care & Assisted Care
